There's a place where the rhythm of the city is music, where every corner has a story, and every window is a kaleidoscope. Where a girl can step out of her apartment and find a whole world of possibilities waiting. That's HELL'S KITCHEN, a new musical created by 16-time Grammy® Award winner Alicia Keys that's about to make Broadway feel brand new.

In the mid 90's, in an apartment high above the energy and grit of Manhattan's Hell's Kitchen neighborhood, 17-year-old Ali squints toward the horizon until she can just see the Hudson River. Despite the warnings of her protective mother, the symphony of the street calls to her—promising freedom, excitement, and the possibility of love. When a wise piano teacher helps her find her voice, Ali learns she can make the city her own.
